

ZANEERAH ESSOP

SOFTWARE ENGINEER

BSC IN COMPUTER SCIENCE

OBJECTIVE

Motivated and detail-oriented computer science graduate seeking opportunities in software engineering and development where strong analytical thinking, problem-solving skills, and a passion for building reliable and efficient software can be applied in a dynamic, growth-oriented environment, while contributing to innovative projects and organizational success

EXPERIENCE & ACHIEVEMENTS

DENEL AEROSPACE- JUNIOR SOFTWARE ENGINEER

January 29, 2026 – Present

- Contributing to the design, development, and testing of software components within aerospace engineering projects.
- Gaining hands-on experience in secure, high-reliability software development environments.
- Collaborating with multidisciplinary teams to ensure software performance, compliance, and quality assurance requirements are met.
- Contributed to a project focused on collecting customer survey data, logging feedback, and developing a program to analyze responses and support continuous quality improvement.

RUNNER-UP – AWS SUMMIT HACKATHON COMPETITION

Achieved runner-up position in an AWS-hosted cloud innovation competition.

Demonstrated creativity, problem-solving, and the ability to apply cloud computing concepts in real-world scenarios.
